VOLUME XIV.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROCESSIONS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE.

Monday Morning, May 18.

H. & M. HARRISON—All Right.

We learn from the officers of the Milwaukee and Mississippi Railroad that the rumors of difficulties between the lumbermen and the company, in consequence of the Railroad bridge across the Wisconsin, obstructing the passage of rails in the present state of high water, are not founded; and that no disturbance whatever is apprehended. We hear further that the repairs of the track are so far advanced that it is expected to run the Express Trains through to-day, or to-morrow.

Destination in Michigan.

It will be seen from our Telegraph report, as well as from the article we copy this morning from the Detroit Tribune of Friday afternoon, that in some of the Northern Counties of Michigan, people are actually dying from starvation.

The people of Michigan are our near neighbors; food, though dear, is still plenty in our favored State. Milwaukee contributed liberally to the relief of starving Ireland; and shall we not do at least as much for our kith and kin, in Michigan?

If the authorities of that State can be, in any way, reached from this quarter, not a day should be lost in despatching a vessel load of provisions to their relief. Who will lead off in this humane enterprise?

Still Hopping on Kansas.

The News, aware of the false pretence in which the administration and the bogus Democracy have placed themselves in regard to Kansas, makes desperate and persistent efforts to transfer the responsibility of making Kansas a slave State to the shoulders of the "Black Republicans" who are, to a man, opposed to its coming into the Union except under *free* colors and Constitution.

The News is graciously pleased to signify its approbation of the "truth" told by our Kansas correspondent and expresses a very proper degree of disgust at the profanity and vulgarity which his letter described as only too prevalent among the Border ruffians and sham Democracy of Leavenworth. But, queries the News, "if the Sentinel believes its Kansas friend," why don't it advise the Free State men to vote at the coming election of June 3d? For the very good reason that it is not the province of the Sentinel to advise the people of Kansas as to the proper course for them to pursue. They undoubtedly understand what they are about, and both know and will maintain their rights. Indeed the address of the Free State men, published in the Sentinel last week, abundantly demonstrates this fact, and justifies their course and conduct by unanswerable arguments. As the News seems to be dull of comprehension, or strangely oblivious, we enclose, for its information, the reasons why the free State men of Kansas decline having anything to do with the election of June 3d.

1. That it is called by a *bogus* Legislature, elected by Missouri interlopers, over the votes of actual residents of Kansas.2. That it is to be held under an odious *Proslavery* Law, passed by the *bogus* Legislature above, and designed to cheat the free State men in the census.3. That this *Proslavery* Law disfranchises thousands of free State men, natives and foreign born, who were permitted to vote, under the organic act.4. That the Federal and Territorial authorities are hand and glove with the Border ruffians in enforcing the laws of the *bogus* Legislature, carrying out the iniquitous *Proslavery* act, and aiding to defeat the *real will* of the people of Kansas.These are, in brief, the reasons why the Free State settlers refuse to participate in the fraudulent election of June 3d. They will not, by any act, or word of theirs, lend "aid or countenance" to this attempted swindle. They stand ready, the moment they can be assured of *FAIR* play, to try conclusions with the proslavery *democracy*. But they will not again go into an election to be beaten by fraud, and then be told that their presence at the polls committed them to the authority and laws under which the election was held and to the action of the convention clause thereof. If Kansas is made a *slave* State, it will be by Democratic hands. Had not the administration of Mr. Buchanan aided and abetted the Border ruffians, Kansas would have been a free State to-day; and if the sympathetic and support of Mr. CUNNINGHAM, HENRICKSEN IN NEW YORK.—We learn from the New York Tribune of May 14th, that on Tuesday last extraordinary excitement was occasioned in the Court of Justice, from the appearance of Mr. CUNNINGHAM, the residence of a disreputable mob of negroes who had just been recruited at the polls, and that the necessary stock subscriptions can be raised along the line. The large lumber trade of the country would be turned over the die, the same party would, alone, give it sufficient business to pay running expenses.

PROSECUTION OF MRS. CUNNINGHAM—HEARING IN NEW YORK.—We learn from the New York Tribune of May 14th, that on Tuesday last extraordinary excitement was occasioned in the Court of Justice, from the appearance of Mr. CUNNINGHAM, the residence of a disreputable mob of negroes who had just been recruited at the polls, and that the necessary stock subscriptions can be raised along the line. The large lumber trade of the country would be turned over the die, the same party would, alone, give it sufficient business to pay running expenses.

THE PARTY White-washer.

The News, as in duty bound, applies a dash of official whitewash to the opinion of the extraordinary corporation counsel, that an Alderman may be city Printer, and a party to, or interested in, the job, contract of doing the city printing, notwithstanding the charter expressly forbids it. Of course, the News certifies to its being all right, but while fully endorsing the City Attorney, it says that "the Sentinel" "procured a copy of the opinion (the City Attorney's) with the avowed intent of publishing it"—which is utterly false—and that "it dare not lay before its readers such an able exposition of the law and withering rebuke of its own puny officiousness"—which is simply ridiculous. The News also avers that the Sentinel "has come in collision with the City Attorney" three times, and "in every instance retreated in confusion and with great loss." The *Sentinel* is certainly not aware of having "run a risk" three times with the counsel extraordinary to the corporation, or conscious of having been so shamefully vanquished by that doughty champion—certainly the mishap of Don Quixote in his adventure with the wind-mill would have deterred us from any such perilous encounter.DOX LIEKES COMPANY.—The American objects to being dragged into the controversy between ourselves and the News, and thinks it "unmanly" in referring to it, as a side. What we said on the subject, was in reply to the News, which after falsely charging us with advocating a Registry Law, sought to escape from the dilemma by insisting that the *American* did so and being "in the same interest" with the *Sentinel*. It was the same thing. The obvious answer to this chop logic was, that as the *American*, which is "in the same interest" with the News, once advocated a Registry Law, therefore the News was implicated in that and all other of the K. N. heresies. The *American* further protests that it does not uphold Know-Nothingism—in other words, under its present management, it has been mainly injured that intolerant ism. We are very glad to hear it and give it credit accordingly.

LION WATER NORTH—CREDITS AWAY.—We learn from a private letter, received Saturday by Mr. H. L. LUDLOW, that the water in the Monomoyne river, as in other streams flowing into Green Bay, is higher than ever before known and that the boom and 5000 logs belonging to the New York lumbering company, in the Monomoyne, had been swept off by the heavy freshet.

We hear rumors of similar losses on other streams in the Northern part of the State. The melting of the heavy snows which fell last winter has swollen all our streams and rivers to an unexpected height.

THE DEPRESSION IN BUSINESS IN NEW YORK.—We learn from a private letter, received Saturday by Mr. H. L. LUDLOW, that the water in the Monomoyne river, as in other streams flowing into Green Bay, is higher than ever before known and that the boom and 5000 logs belonging to the New York lumbering company, in the Monomoyne, had been swept off by the heavy freshet.

The depression in business in New York is loudly complained of by the shipping interests. It is estimated that vessels to the value of twenty millions of dollars are lying in New York harbor, most of them without employment.

MILWAUKEE DAILY SENTINEL, MONDAY MORNING, MAY 18, 1857.

Chief Justice Taney in Old Times.

The New York Express, the leading K. N. organ in the Empire State, in the course of a discussion with its democratic neighbor the News, thus reminds that paper of the obligation of the Slave Democracy are under to their Know-Nothing allies, for the election of Mr. BUCHANAN, last fall:

The News ought to know that the nomination of Mr. BUCHANAN, and the one million of votes cast for him, by a party and citizens who had no prospect of success, and no hope of reward, gave the party the victory. Perhaps they may put down one of the *Free* men, but it does not look well for the *Free* to say so.Undoubtedly the Express is right as to the fact. The Know Nothing organization elected Mr. BUCHANAN, and was used for no other purpose. Ordinary gratitude therefore, requires that the *Free* *Democrats* should share the spoils with their K. N. allies, and Mr. BUCHANAN seems to recognize the obligation to provide for them.

Bloody Times in Prospect.—The Columbian Reporter (run by Carr Huntington) is devoted to the interests of "the Forty" and thus discourses in its last issue:

Governor BROWN is the first choice of the tenth of the democratic party for Governor, knowing this, the *Express* and its clique of *Know Nothings* are looking anxious for a right issue, when that outburst can be done on the sky, then they will try to set them right. Look out for the assassins.The truth will *Polish* this warning and do their best to preserve "Gov. BROWN's" threat from cutting in the forthcoming Democratic Convention.A GERMAN DEMOCRAT, Dr. Hirschmann, of Milwaukee, has been removed from the office of Superintendent of Indian Affairs, and one W. J. Cullen, of Indiana, has been put in his stead. Cullen is one of Dick THOMAS' men for service rendered, but he left not to give him an offer. —*Chicago Tribune.*We understand that this office was positively promised to Mr. M. J. THOMAS, of the *Free* *Democrats*, but we do not know what caused the *Indians* to be so anxious for him, and his services will not find it easy to answer him—*Chicago Tribune.*The FLORIDA WAR.—The remaining *Southerners*, in despairing of finding the *United States* to be their ally, have offered rewards for Indian enemies.

The people of Florida are our near neighbors; food, though dear, is still plenty in our favored State. Milwaukee contributed liberally to the relief of starving Ireland; and shall we not do at least as much for our kith and kin, in Michigan?

If the authorities of that State can be, in any way, reached from this quarter, not a day should be lost in despatching a vessel load of provisions to their relief. Who will lead off in this humane enterprise?

Still Hopping on Kansas.

The News, aware of the false pretence in which the administration and the bogus Democracy have placed themselves in regard to Kansas, makes desperate and persistent efforts to transfer the responsibility of making Kansas a slave State to the shoulders of the "Black Republicans" who are, to a man, opposed to its coming into the Union except under *free* colors and Constitution.

But, queries the News, "if the Sentinel believes its Kansas friend," why don't it advise the Free State men to vote at the coming election of June 3d?

The trade is said to be lively. The Indians get brought in, the reward paid, the Indians get leave to go and bring in his family, and shortly comes back, disguised so that his own mother wouldn't know him, and another reward is paid.

SPECULATING IN RENTS IN NEW YORK CITY.—

I reached that city on the 24th of January. I went immediately to the National Hotel. Within twenty-four hours after my arrival I was taken sick, and had to give up my studies and sub-servitude to bed, alone. It was not until the next week that I was able to get up and walk about again.

The day after I was attacked, another guest, of the same name, in the same way, was taken sick, and had to give up his studies and sub-servitude to bed, alone. It was not until the next week that I was able to get up and walk about again.
